

Notley High School & Braintree Sixth Form

Executive Headteacher and CEO of NEMAT: Rob James

29 September 2020

Dear Parents/Carers

KS5 Science Revision Guides

The Science faculty will be placing an order for Science related CGP A Level revision guides and exam practice booklets for the courses for any Year 12 students yet to have purchased one. The revision guides contain all the key information that students need to know for their A Level exams across both years of study.

Students in the past have found these incredibly useful. They are a good source of information to support with homework, end of unit tests and to make notes for missed lessons. The exam practice booklet includes a range of past paper questions that can be used to improve exam technique and pinpoint areas that students may need to centre more revision time. As a school, we can purchase these direct from CGP for a reduced price, which we pass onto students.

The complete revision and practice books for Biology, Chemistry and Physics can be purchased for £14 per subject, depending on which subjects your child studies.

If you would like to purchase a revision guide and exam practice booklet for your child, please make the appropriate payment on your child's ParentPay account by Friday 16 October 2020. Revision guides will be given to students in their lessons when they arrive.

Yours faithfully

Mr A Morris
KS4 Science Co-ordinator
