Cycling Strategy Engagement – Toolkit

Have your say on Braintree District Council's cycling strategy – your opinion counts!

Braintree District Council wants to encourage more people to cycle more often as part of its commitment to tackling climate change. What would get you back on your bike?

The Council wants your views on whether to focus attention on making improvements to the cycle networks, promoting cycling and cycling facilities or running campaigns to encourage the switch from car to bike.

It needs your views to help shape up plans. This is not just their plan but YOUR plan too.

Please give your views here:

www.braintree.gov.uk/cyclingstrategy. The questionnaire will only take about 5 minutes to complete.
