

## Preparation for Year 12 Spanish - Summer Term Work

Try to keep up with your vocabulary and grammar as much as you can, to help you hit the ground running when you start the course.

Useful resources to help with this:

Grammar practice website:

<https://personal.colby.edu/~bknelson/SLC/>

The A Level course includes a focus on Hispanic society and culture. Keeping yourself informed of current affairs and news is a great way to prepare for this. Useful Articles/video clips can be found on the site below:

<https://www.bbc.com/mundo>

### Films and TV

Many films and TV series from Spain and Spanish America are widely available. You could watch the films listed for study in the exam specification, or further examples such as those below. A number of recent Spanish series have proved very popular on Netflix. See task below and also you can use watching these with subtitles (be brave and have the subtitles in Spanish!) to develop your fluency.

Additional suggestions include:

El Viaje de Carol  
Nine Queens  
Un Cuento Chino  
El Mar Adentro

### Specific Tasks from the attached sheets:

1. Complete the three sheets (Conoces España, What do you know about Spain? and Geografía de España). Include a glossary for these as well as doing the exercises.
2. El espinazo del diablo is about a film – There are some exercises and two examples of a synopsis. It would be a good idea to write up the synopsis of each film you watch.
3. Finally, please answer all the questions from the sheet 'Vamos a conocernos mejor'.
